Matching Game—Flowers & Fruit, Cut & Paste Style!

Step 1: Cut out the fruits and matching seeds to make four strips of paper.

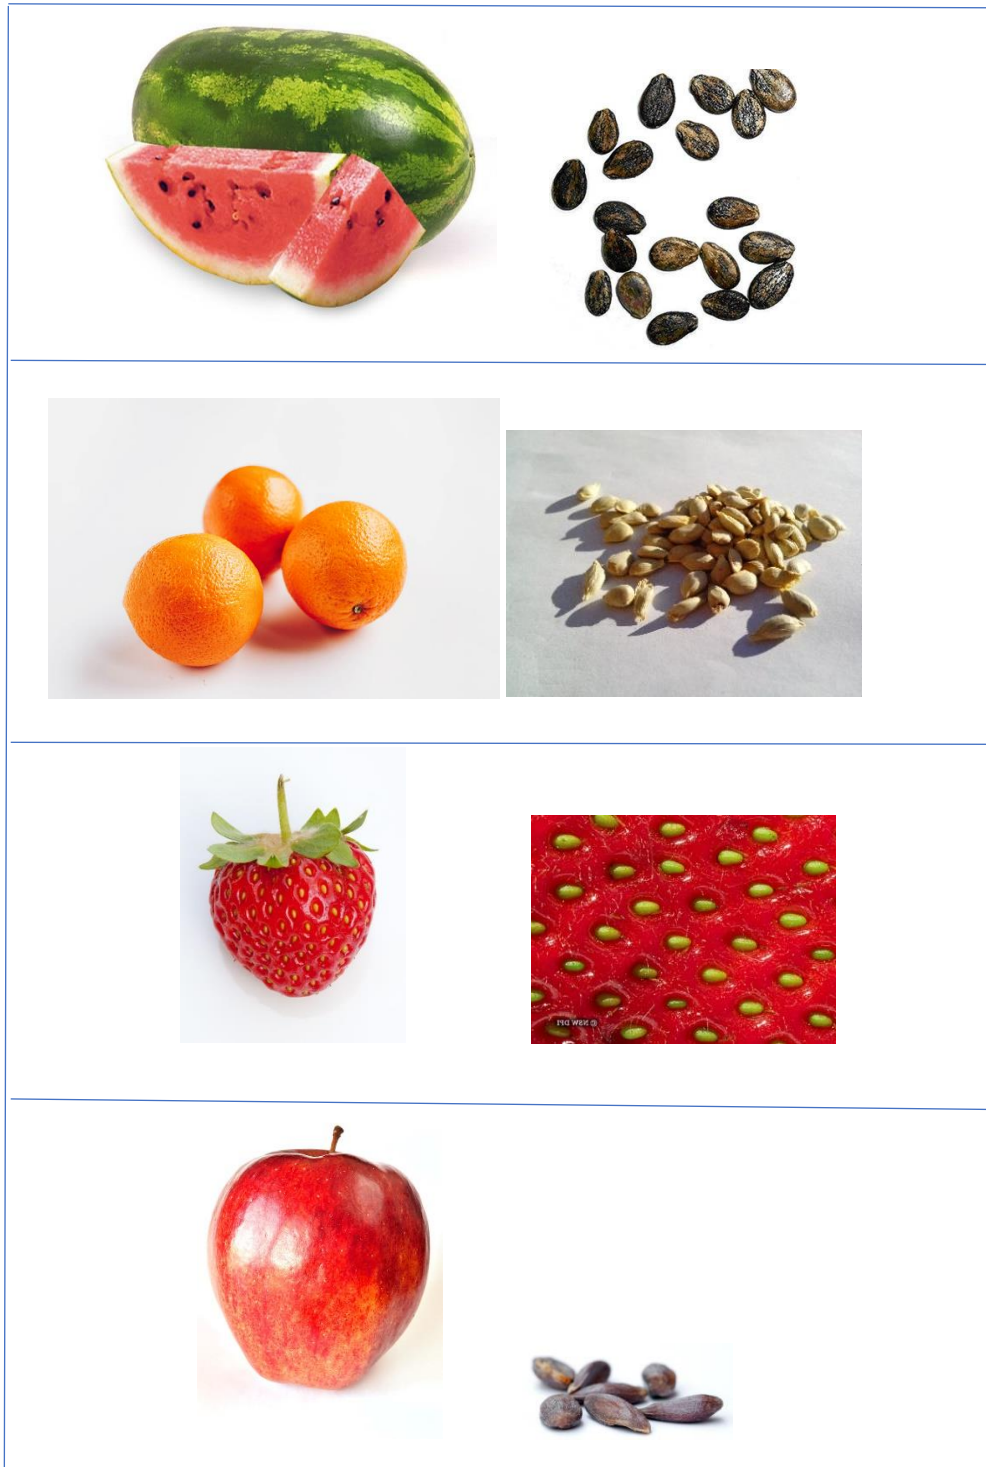

Photo credits: Photos are Creative Commons licensed, Cynthia Argentine's, or free public domain.

Step 2: Match the flowers to what they produce. Tape or glue the fruit-and-seed strips from Step 1 next to the correct flowers.

Now you can see the cycle from flower to fruit to seed. Seeds can grow into new plants with flowers and start the cycle over again!
